EXPERIENCE

IT Support Technician – CSU Warner College of Natural Resources October 2025 – Current

- Provide Tier 1/2 IT support across all five academic departments and eleven centers and units of CSU's Warner College of Natural Resources, serving 2,300+ students, faculty, staff, and researchers.
- Deploy, configure, and maintain Windows and macOS desktops, laptops, mobile devices, and peripherals using standardized system images, with hands-on experience assisting in image maintenance and updates.
- Troubleshoot a wide variety of hardware, software, network connectivity, and printing issues while supporting Microsoft 365, Google Workspace, and audiovisual (A/V) technologies.
- Track, document, and resolve support requests through Freshservice ITSM, ensuring timely communication and consistent issue resolution.
- Guide faculty and staff toward appropriately sourced hardware and peripherals based on technical needs and department budget constraints.

IT Support Technician (Contract) – Independent, Fort Collins, CO January 2023 – Current

- Provide front-line Tier 1/2 technical support and repair for small business clients, diagnosing and resolving hardware and software issues across desktops, laptops, and mobile devices.
- Set up, configure, and maintain Windows, macOS, and Linux systems for end users as needed.
- Assist with network equipment installation and maintenance.
- Deliver on-site and remote support troubleshooting for clients.
- Source, recommend, and purchase hardware, peripherals, and replacement parts for clients based on technical requirements and budget.

IT Technician – Front Range Internet Inc. August 2022 – August 2023

- Managed inventory, procurement, and lifecycle of company laptops, desktops, and peripherals.
- Terminated and crimped Ethernet cabling and patch panel connections in support of network infrastructure.
- Configured and deployed wired and wireless access points.
- Operated help desk for end users and staff
